SPEED UP YOUR PC

Boost your computer's boot-up and operation performance with Toshiba's 19nm Solid State Drive technology. With a blazing fast SATA III interface and read/write speed of up to 554/512 MBs*, your computer's performance will make a quantum leap forward. The 7mm slim SSD includes a spacer you will need for a firm fit in a 9.5mm hard disk slot and also a cloning software (for download) you will need for exchanging your hard drive with the SSD.
